## HOPE ISLAND RESORT

### CIRCULAR TO ALL RESIDENTS

### REMOVAL OF DOG WASTE

Dear Residents,

The Hope Island Resort (HIR) Principal Body Corporate (PBC) wishes to remind all residents of the requirements for the removal of dog waste left on nature strips, parks and any other areas throughout the Resort.

Dog waste is toxic and a hazard to young children and adults alike. Failure to remove dog waste also promotes weed growth and leaves a pungent smell in and around the area for extended periods of time.

The PBC asks that all dog owners act responsibly by picking up dog waste, and disposing of it in one of the many dog waste bins provided. Dog bins and bags are located at numerous locations throughout the Resort for your use and convenience.

All residents have equal rights to use the beautiful parks and nature strips throughout HIR and we simply ask that you pick up after your animals to ensure that HIR continues to remain as one of Australia's premier residential communities.

Should you have any queries regarding the abovementioned, please do not hesitate in contacting our office on telephone 5530 9900.

Yours faithfully,  
For and on behalf of the Hope Island Resort  
Principal Body Corporate

Hugh Beutel  
Strata Manager
